

RE: proceeding 02-278

Please do NOT allow Indiana's do not call list to be ended. IF I want to conduct business with any of these banks I will contact them!

I do NOT do any business with phone solicitor's of any kind. I should also NOT have to screen my calls with the expense of caller ID or by use of an answering machine to avoid such calls at any time of the day or evening.

Sincerely, Brenda Rippey
